

Matters of Interest From Home and Abroad.

Precautions Against Cholera.

WASHINGTON, August 24.—The following dispatch was received to-day at the State Department from the United States Consul at Hamburg: "Hamburg emigrants must be regarded as coming from the cholera infected districts. Shall see that steamers and baggage are disinfected." The Department has more reassuring news from Havre. Cousin Williams telegraphed that Paris and Havre medical experts had a conference and after full examination admit the presence of local cholera. They deny, however, that it is Asiatic cholera. The disease is not spreading and alarm is subsiding. Great precautions have been taken in the matter. The Treasury Department is following up the precautions heretofore adopted and will use all means at hand to keep cholera out of the country. Every safeguard will be employed to prevent the bringing here of immigrants and effects which are not carefully disinfected.

The Treasury Department After the Halcyon.

TORONTO, August 24.—The famous smuggling schooner "Halcyon" sailed from Victoria last night with 2,500 pounds of opium and 60 Chinese. Agents of the Treasury Department who had the vessel under surveillance several days reported the facts to the authorities at Washington. Orders have been issued by the Treasury Department notifying all revenues on the Pacific Coast to be on the alert to intercept the vessel. The crew is supplied with firearms and ammunition and the supposed destination of the vessel is the Oregon or California coast. The opium cargo is valued at \$30,000 and if the cruise is successful a profit of \$10,000 will be realized. The Halcyon is one of the fleetest yachts on the Pacific Coast and customs officers regard the task of overhauling her as very dangerous and prophecy bloodshed if attempted.

Work on the Panama Canal.

PARIS, August 24.—A newspaper in Paris says the liquidation of the Panama Canal concluded the agreement with Hielard, Vice President of the Paris Chamber of Commerce, providing for the formation of another company with a capital of \$30,000,000 to resume work on the Panama Canal. Work will be resumed immediately in order to prevent the lapsing of concession granted to the old company by the Government of Columbia. Operations will be concentrated at two points, Culbra and Rio Chagres. When nearly all of the capital has been employed 45 or 50 kilometers of the canal will be opened. The agreement will be approved by the Tribunal Concours on Friday.

Discussing Freight Rates.

NEW YORK, August 24.—The Transcontinental Association devoted the day to the discussion of the reduction of east-bound freight rates, the Pacific Mail steamship subsidy and the question of adjusting over and under charges and the establishment of a uniform bill of lading. Geo. Odie of the Canadian Pacific failed to arrive, however, so no final action was taken in anything considered, and the meeting adjourned until to-morrow morning. A discussion concerning the reduction of east-bound freight rates, so the railroads could compete with American clipper ships sailing from San Francisco to New York, took up most of the afternoon.

State Board of Arbitration.

BUFFALO, August 24.—The State Board of Arbitration met this morning and heard evidence about the present difficulty here. A copy of the recent ten-hour law was placed in evidence. Demands made upon the Erie and other roads by the recent strike were read and a detailed account of the grievance committee of the laborers made. One witness testified he worked over ten hours without pay since the passage of the ten-hour law. A Buffalo Creek switchman testified that he worked thirty-six hours on a stretch and often eighteen and nineteen hours at a time. After some further testimony of a similar nature was elicited the Board adjourned until ten o'clock to-morrow.

Washington Convention.

OLYMPIA, Wash., August 24.—Pierce and King counties are pitted against each other in a most bitter fight, and the convention is against the Lake Washington canal 5 to 1. Southeastern Washington this morning adopted a Pierce county canal plank, denouncing Senators Squire and Allen for condemning the canal. Five hundred supporters of James Hamilton Lewis arrived from Seattle this afternoon.

Friends of the Homestead Men.

PITTSBURGH, Pa., August 24.—Attorneys Argos and Irwin, Western lawyers, who volunteered their services to the Amalgamated Association in helping the defense of the Homestead men against whom charges of murder have entered, arrived in this city this morning.

Reviewing Pythian Bodies.

KANSAS CITY, Mo., August 24.—Major General Carnahan of the Uniform Bank this afternoon reviewed all Pythian bodies in camp. The bearing of the Knights was highly pleasing to the Commanding General.

Idaho Democratic Convention.

BONN, Idaho, August 24.—The Democratic State Convention met to-day and after appointing committee adjourned till to-morrow. The chief interest centers in the contest between Stevenson, Burke and Ballantine for the gubernatorial nomination.

A San Francisco Blaze.

SAN FRANCISCO, August 24.—A fire started in the Central Lodging House on Market street this afternoon. John Courtney jumped from a fourth-story widow and was instantly killed. The damage from the fire is slight.

THE PEOPLE'S PARTY.

It is Gaining Everywhere Through the Country.

The Greenville Democrat of Mississippi, says that Weaver, not Harrison, is the real opponent to Mr. Cleveland, in that State. Senator Mann of Florida says, the People's party will undoubtedly carry Florida by eight to ten thousand plurality.

Congressman Springer says the People's party has a following in the West and South sufficiently powerful to defeat the elect on of both the old parties.

Jerry Simpson has commenced the campaign in West Virginia. At a rousing meeting at which he spoke tally, over 300 joined the People's party club.

The People's party in Texas is holding conventions in every congressional district, and in Gonzales county has enough votes to carry the county by a two-thirds majority.

The Marysville Mountaineer of Montana says unless all indications fail, the two old parties will not poll votes enough in Marysville to keep their organizations. Weaver is my man.

Four daily papers—the Detroit Evening News, the St. Louis Chronicle, the Cincinnati Post and the Cleveland Press—combined circulation 160,000 copies, have joined the People's party within the past three weeks.

The Palace Hotel, which is well and favorably known to every old Nevada, is being conducted as usual by that veteran landlord, Al White, who spares neither pains nor purse to provide for the comfort and convenience of guests.

NEW TO-DAY.

Ed. Northrup and family departed for Winnemucca yesterday morning. Ed. intends opening a dry goods store at that place.

Peter Simpson has opened upholstering rooms where he is prepared to do all work in his line neatly and promptly. See advertisement.

The Times-Review says "When you hear Republicans and Democrats discussing the silver question, you can safely bet that the day of political hubub has gone by."

Bar silver is down to 92 cents per ounce and yet there are a few persons in Nevada who advocate (not in the interest of the State however) the election of Cleveland or Harrison.

A petition was circulated about town yesterday, which received a great many signatures, praying the Board of County Commissioners to allow Mrs. M. L. Frasier, a widow, \$10 per month.

J. M. McCormack of the Reno Marble Works is in Winnemucca. He tells the Silver State, all repeats to the contrary, that Reno is in favor of Weaver straight by a large majority.

Mrs. R. M. Clarke of Carson has applied for thirty feet of show case and wall space at the Pavilion for the exhibit of the fancy work which she intends to take to the Worlds Fair. It is said to be the finest assortment of ladies' needle work on the coast.

The fellow arrested Tuesday evening while chasing a little girl was given sixty days in the cooler by Justice Linn yesterday. A coat or two of black tar, held in place by a few rods of barbed wire wrapped about his body would have been light punishment for the offense.

W. W. Rogers, who claims to be the father of the Tuscarora Guards because about twenty of them attended his school a few years ago, desires the misstatement corrected that the company did not have the largest percentage of attendance at the State Encampment. He says the roster shows 48 members 42 of whom are 87½ per cent., are at the encampment. A majority of the company are native sons and they marched 50 miles to the railroad.

At the Republican primary election at Elko the Silver men and Harrison men had tickets in the field. The Silver candidates for delegates were W. T. Smith and Frank Fernald, and the Harrison candidates were E. S. Farrington and J. H. Taber. The Silver men were elected by a majority of over two to one, and the Independent says the Elko county delegation will be solid against the nomination of a Harrison ticket.

Last Night's Theater.

A beautiful and talented actress appeared last night in the title role of "The Tigris." Her performance was artistic. She has an individuality all her own. In the strong scenes she is superb. In her last act she depicts varied emotions of a high ardor and her mobile face and great, gray eyes leave an impression on her audience seldom forgotten. Miss Emma Code as the giddy widow was a success in every way. Miss Werner and Miss Millie Hudson do what they have in an intelligent manner. Of the gentlemen in the cast Orme Calder is all that could be desired. This young actor does not make the mistake of over acting. V. M. de Silke portrays the lazy English lord to perfection, and provoked much laughter by his clever comedy work. T. J. Williams and Harold Wizard deserve commendable mention.

Lawyer Farrington of Elko, who was mentioned as a candidate for Judge of the Supreme Court on the Harrison ticket was defeated for delegate to the State Convention by a Silver Leaguer. It is a bad season for Wall Street men.

DRESS PARADE.

The Youth and Beau'y of Nevada's Manhood in Military Alignment.

The Drum Major of the Regiment—Fine Appearance of the Virginia Companies.

CAMP COLCORD, Carson City, Aug. 24, 1892

The event of each day comes off at 6:30 p.m. It is dress parade. No period of the day is better adapted for this attractive review than between sundown and dark. The long period of twilight so peculiar to the temperate zones, with the cool evening breezes, makes it the most pleasant hour of the day. At 6:30 the roll sounds and in an instant with rapidity and precision, the companies are formed, marched to their proper places and reviewed. In double rank, down the main avenue, stand the line of soldiers in blue. In the center with the flag floating listlessly, is the color company. The handsome captains and lieutenants at equal intervals standing in front and in their full dress present a handsome appearance. Col. F. C. Lord, who is every inch a soldier and a gentleman faces the regiment. Adjutant Haas advances to the center and in a voice clear and distinct, gives the orders and commands most excellently. Adjutant Haas in his bearing is as modest as he is capable and is most certainly a credit to the young militiamen of Nevada.

The orderly Sergeants advance to post, report and immediately fall back. At a command the Captains and Lieutenants face, march in single file, turn, line and advance. As they march forward each helmet with its plume waving, each sword in place, the full dress suiting the magnificent physique of the commissioned officers. The large crowd of spectators break forth with one accord in loud cheers. It stirs up all the latent pride and patriotism in Nevada's warm hearted people. Col. Lord gives the orders, they return to posts and in a few minutes the regiment has broken ranks by companies.

The Artillery Band has discoursed most excellent music and the crowd lingers in the twilight listening to the sweetest music from Nevada's best military band.

The Drum Major is the cynosure of all eyes. Tall, graceful and precise, he holds his baton with the ease of a Philip Sonnen. The band is a fine one and its music one of the sweetest delicacies of each day.

MILITARY ORDERS.

A long list of military orders were read by Adjutant Haas to the regiment on Tuesday evening relative to the routine work, decorum and discipline. The camp has been designated as Camp Colcord. The regiment named First Infantry Regiment, N. N. G.

THE VIRGINIA COMPANIES.

Virginia City has turned out nearly 160 men. The Virginia companies are really the best drilled in camp. Battery A presents a handsome appearance and are exceeding well drilled. Their maneuvers are among the most interesting features of the encampment. They have been fortunate in securing good horses and give a drill, the precision and rapidity of which is hard to beat. The Ennies have the most soldierly Captain of the regiment, Captain D. L. Brown. He is a genuine veteran and every inch a soldier. The members are all fine large men and manifest a wonderful knowledge of tactics. They are establishing their reputation as soldiers handsomely.

The Nationals are of a more delicate cast of youthful beauty. They are all young, active, (and the girls say handsome). They are well drilled and magnificently officered. Virginia City may well proud of her forces. They are generous, brave hearted and handsome, and in war would be brave, unconquerable and invincible.

THE ENCAMPMENT A SUCCESS. It is due in a great measure to the untiring efforts of Lieutenant Governor Poujade. He has worked earnestly and intelligently and is to be congratulated. He is one of Nevada's citizen soldiers who take pride in Nevada's name and fame. Everything is running smoothly. Order decorum is perfect, sobriety the rule and profanity and vulgarity so common in soldier life is unheard of in Camp Colcord.

BULLS EYES.

"Hep! Hep! Hark!!!"

There are 18 on the sick list to-day.

H. C. Baxter, Company F, is Hospital Steward.

Thirty hours on picket duty breaks the boys all up.

A skunk put the picket guard to ignominious flight.

George Irwin has a neck redder than an artillery strap.

Sam Mozingo has been detailed to black the Captain's boots.

It takes three privates to keep the flies off the officers of Company C.

A man in Company C snores. He will be used as a salute gun Friday.

"Some day I'll wander back again," seems to be the sad refrain of the soldier lover.

Sergeant Burke is one of the most prompt and attentive officers of Company C.

Lawyer Farrington of Elko, who was mentioned as a candidate for Judge of the Supreme Court on the Harrison ticket was defeated for delegate to the State Convention by a Silver Leaguer. It is a bad season for Wall Street men.

And that they are truthful I know you'll agree.

At night, at night,

The handsome lieutenants with gold epaulets,

Gold corded caps and long angoullets,

Are stunning to look at, and the ladies' pets,

At night, at night,

But Oh what a difference in the morning.

With night all shirts don't forms adorning.

With legs that are bare

In the damp morning air.

While their unadorned forms in the sunshine they

are warming.

I will tell you of soldiers who are unwilling to sleep

At night, at night,

But they bluff all the pickets and from their beds

snore.

At night, at night,

They crawl through the grass till they get out of line.

But when they come back with no countersign,

At night, at night,

They quickly tumble to the difference in the morning.

As the cold, clamy guard house they are adorning.

Their pleasure is changed to woe,

And with they'd been more slow

To carry on their revelry in the morning.

Then their drum major Salier who leads the brass band

At night, at night.

Who yields the baton in a manner quite grand

At night, at night,

He leads all the men in excellent time,

Is pronounced by the ladies a tremendously fine

When with his baton he motions the whole band into line

At night, at night,

But Oh, what a difference in the morning.

When McGehee and O'Connell as majors the band

are adorning.

A basin, mouth organ, a shining tin pan,

With a rattle in his hand he is leading the band,

The drum major looks somewhat different in the morning.
